PROFILE SUMMARY

Dedicated Frontend Developer with solid expertise in modern web technologies and a clear focus on user-oriented, high-performance web applications. Experienced in HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, TailwindCSS, and basic knowledge of Node.js, Express.js, REST APIs, MongoDB, and Firebase. Proficient in Responsive Web Design, with strong skills in UI/UX design, comprehensive knowledge of Search Engine Optimization (SEO), and regular use of AI-powered tools such as ChatGPT and GitHub Copilot in VS Code to increase efficiency in the development process. Additionally, I have independently developed AI assistants and apply my skills passionately to deliver complete frontend solutions — from concept to deployment with Vercel.
